

I'm not robot!

Offering the most current coverage available, Electrical Wiring Commercial 16th edition (PDF), is completely up to date and revised with the 2017 National Electrical Code (NEC). Extremely reader-friendly, this trusted ebook has long been popular with instructors and college students alike. Full-color, vibrant photographs and illustrations help bring key concepts to life and make even difficult material and concepts easier to understand. The new 16th edition provides a much stronger emphasis on green energy technologies and new developments within electrical design and installation, as well as expansive coverage of safety in the workplace. NOTE: The product only includes the ebook.

Electrical Wiring Commercial 16th Edition, in PDF. No access codes are included. Now Available! Electrical Wiring Commercial, 16th Edition Order your copy now! by Phil Simmons Simmons Electrical Services Ray C. Mullin Offering the most current coverage available, ELECTRICAL WIRING COMMERCIAL, Sixteenth Edition, is completely revised and up to date with the 2017 National Electrical Code®. Extremely reader-friendly, this trusted text has long been popular with instructors and students alike. Vibrant, full-color illustrations and photographs help bring key concepts to life and make even difficult material easier to understand. The new edition provides stronger emphasis on green technologies and new developments within electrical design and installation, as well as expansive coverage of safety in the workplace. Features and Benefits With up-to-date illustrations, real-world examples, and cutting-edge coverage, ELECTRICAL WIRING COMMERCIAL, Sixteenth Edition, has been a highly popular, widely trusted resource for generations of students and professionals. Full-color drawings, diagrams, illustrations, and product photographs bring chapter concepts to life, add clarity to explanations, and improve understanding. Green technologies in electrical design and installation are spotlighted throughout the text, drawing attention to these increasingly important aspects of modern electrical wiring. A wealth of practical, real-world examples reinforce key calculations and concepts throughout the text, making it easier for readers to see the practical applications of chapter material. Both metric and English measurements are used to appeal to readers of all backgrounds and make text content more universal. A convenient Crisscross Code Index allows readers to quickly and easily reference specific content and code requirements. VitalSource is the leading provider of online textbooks and course materials. More than 15 million users have used our Bookshelf platform over the past year to improve their learning experience and outcomes. With anytime, anywhere access and built-in tools like highlighters, flashcards, and study groups, it's easy to see why so many students are going digital with Bookshelf.

Phil Simmons is the founder of Simmons Electrical Services, where he consults on the National Electrical Code® (NEC®) and other codes. He also writes, edits, illustrates and produces technical publications, and he previously provided plan review of electrical construction documents and inspection of complex electrical installations. In addition to developing training programs related to electrical codes and safety, Mr. Simmons has presented on these subjects at numerous seminars and conferences for universities, the National Fire Protection Association (NFPA), the International Association of Electrical Inspectors (IAEI), the U.S. Department of Defense and private clients. The author and illustrator of numerous textbooks on electrical topics, he has consulted on several lawsuits involving electrical injury and property damage. Mr. Simmons serves NFPA on Code Making Panel 5 of the NEC Committee (grounding and bonding), and he previously served on several other Code Making Panels, the NFPA Standards Council, the NEC Technical Correlating Committee, the IAEI and Underwriters Laboratories. He is a retired member of the International Brotherhood of Electrical Workers. Ray C. Mullin is a former electrical instructor for the Wisconsin Schools of Vocational, Technical and Adult Education. Prior to his retirement, he served as district manager, regional manager, regional vice president and ultimately director technical liaison for a major electrical manufacturer. He also served on the National Fire Protection Association (NFPA) Code Making Panel 4 of the National Electrical Code (NEC). A former journeyman and supervisor for residential, commercial and industrial installations, Mr. Mullin has taught electrical apprentice and journeyman courses, conducted numerous technical and code seminars, written many articles for electrical trade publications and consulted for electrical equipment manufacturers on legal issues. He is also a former member of the Executive Board of the Western Section of the International Association of Electrical Inspectors and a member of the Institute of Electrical and Electronic Engineers and NFPA, Electrical Section. Mr. Mullin attended the University of Wisconsin, Milwaukee School of Engineering, and Colorado State University.
